RETURN TO DESIGN DIV.

Since 1830, when Michael Thonet, the founder of this company, invented the process of bending wood for furniture making, Thonet has supplied the world's markets with good, durable bentwood furniture.

The furniture presented in this book has been specifically designed and engineered for use in hotels, schools, colleges, hospitals, institutions, restaurants, clubs, stores, offices, etc.

THONET CHAIRS

CONSTRUCTION

Thonet chairs, built for strength and durability, are made of "Bentwood" or "Bentply."

BENTWOOD is solid wood, steam-bent to shape and dried. The woods used are maple, birch, and elm.

BENTPLY is laminated wood, molded under hydraulic pressure of 1/16" thick birch and maple veneers, bonded with urea resin glue by radio high frequency current.

When ordering chairs specify the following:

1. **Style number**—Include symbols for seat and back construction where necessary. These symbols are explained below.
2. **Upholstery cover**—State name and color of upholstery cover. We stock several soft woven fabrics and plastic upholstery covers. Sample charts of these

SYMBOLS USED IN THESE DIAGRAMS

SU9 pad seat, plywood panel with cotton filling.

SU10 pad seat, with covered drop front edge.

SU18 plywood seat, with hair and cotton filling.

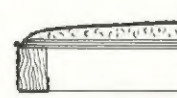

SU19 plywood seat, with cotton filling.

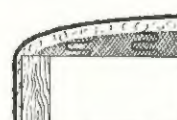

SU21 same as SU18, but with 1" foam rubber in filling.

SU22 same as SU18, but with 2" foam rubber in filling.

SU19 (bentwood) pad seat, covered seat rim.

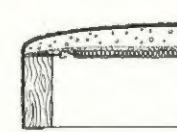

SU25 no-sag springs, hair and cotton filling.

SU27 same as SU25, but with cotton filling only.

SU28 same as SU25, but with foam rubber in filling.

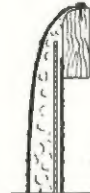

SU48 helical springs, foam rubber filling.

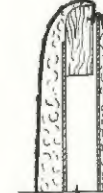

BACKS

BU3 pad with cotton filling, front only covered. Nails on front.

BU5 pad with cotton filling, front, top, and sides only covered. Nails on top and sides of back posts.

BU6 cotton filling, front and rear covered completely. Nails on rear.

BU7 same as BU6, but back posts exposed.

BU8 same as BU6, but with foam rubber in filling.

RACKS H15, H18, H19, H20, BS28 indicate racks to hold books, hats or parcels. See pages 56-57.

BOWS BS14A and B1 indicate rear bows. See 18/2 page 44 and 1216 page 50. B2 indicates rear and front bows. See 1177 page 51.

stock covers will be supplied on request. See price list for information on determining prices in various covers.

3. **Nail heads**—Unless otherwise specified exposed upholstery nails used are chrome or nickel plated. Other types of nail heads may be had at additional cost—see price list.

4. **Wood finish**—State wood finish color. Our standard colors of wood finish are:

Light Maple	WF-216	Wheat	WF-200
Maple	WF-222	Almond	WF-224
Dark Maple	WF-217	Walnut	WF-204
Early American Maple	WF-104	Mahogany	WF-232

We can supply special colors of wood finish and enameled finishes at additional cost—see price list.

5. **Glides**—Unless otherwise stated our chairs are supplied with plain metal glides. Rubber cushion glides, round or oblong, or other glides, may be had at additional cost—see price list.

- Since its creation in 1876 over 50 million of the 18/2 chairs have been produced in Thonet factories. Today's design of the chair is only slightly different from the original model.

One of the finest examples of the bentwood technique, the chair is in wide use throughout the United States and is often referred to as the "Vienna" bentwood chair.

OCCASIONAL TABLES

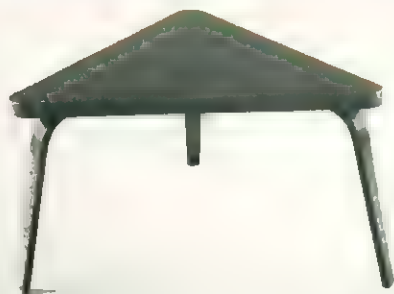

Occasional tables are available with 3 different tops—and 4 different leg designs.

The chart on page 67 shows the combinations available and the various sizes. All tables are furnished 16", 21" or 24" high except shelf tables which come in the 21 or 24" heights only and tier

tables on which the lower top is made only 16 and 21" high.

When ordering these tables be sure to specify:

1. style number and top size
2. desired height of table
3. number of formica selection
4. wood finish

DESKS

Desks are made with Formica surfaced tops. Sides, drawer fronts and legs are maple veneered. Standard finishes are 92-N-22 Frosted Walnut (Gray) Formica, 80-GP-92 Natural Maple Formica, 94-N-25 Brown Walnut Formica. All with matching wood finishes on maple veneers. Also 1014 black Formica or 949 white Formica with any of the above wood finishes on maple veneers. Desks are finished in a baked-on urea Alkyd Dupont finish. Knee-hole drawer contains pen and pencil tray. See also office desk group on pages 78-79.

TABLE TOPS

The various types of tops shown below are available on all tables shown on pages 72-75 unless specified otherwise. The sizes listed in the chart are the standard sizes of each type of top. In the following pages you will find indicated the range of top sizes each table base style will take.

The table tops are built with great care. Best available materials are used. The underside of all tops is coated with water-proof paint to balance the top, keep out moisture and eliminate warping.

1. Linoleum Tops

a. with 1 1/4" wood molding - made of a 3/4" plywood or equivalent panel with linoleum surface to which a 1 1/4" L-shaped wood molding is applied giving the top the appearance of 1 1/4" thickness.

b. with aluminum edge - 1 1/4" thick - made of a 1 3/8" plywood or equivalent panel with linoleum surface to which a T-shaped aluminum edge is applied.

2. Plywood Tops

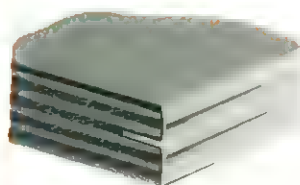

3/4" thick - made of solid core with selected hardwood

CHOICE

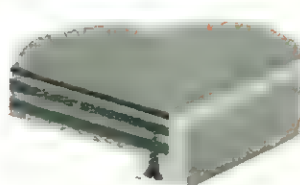

The top sizes listed in this chart are our standard sizes.

faces — may be had unfinished or finished in our standard finishes. (Special finishes on request at additional cost)

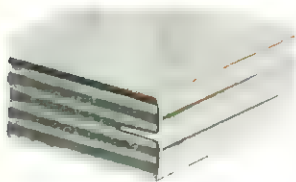

3. Formica Tops

1 1/4" thick — made of a 1 3/8" plywood or equivalent panel to which a 1/16" Formica sheet is applied with water-proof glue under hydraulic pressure. Surface is cigarette proof, heat, acid and stain resistant. A plastic backing sheet may be applied on request at additional cost. Available with 4 different edges as illustrated below.

TABLES (four-legged)

Four-legged tables except styles 3036 and 9098 (see captions below) are furnished with plywood, Formica and linoleum tops as shown on pages 70-71 in the sizes indicated in the chart at right. The tables are 30" high (29" to underside of top), but styles 3014 and 3118 may be specified in any height between 20 and 30". The 4-legged bases with aprons are especially durable because of their sturdy corner construction. See illustration and description on page 73. Legs have plain metal glides. Rubber cushion glides or levelomatic glides may be had at additional cost.

When ordering four-legged tables, specify:

1. table style and size of top
2. type of top and edge
3. color number of Formica or linoleum selection
4. wood finish of base and wood edge, if selected
5. table height for styles 3014 and 3118, if desired lower than 30"
6. extras such as rubber cushion glides

3098

detachable wood legs, no rails
legs are attached with "lock fast" metal device
tops as listed above
Shown: 30 x 30" 1 1/4" Formica
top with aluminum edge

9098

detachable wood legs, no rails, legs are attached with "lock fast" metal device, with 1 1/4" Formica top, arc form edges painted; top sizes 30 x 30" or 30" dia., 36 x 36" or 36" dia.

3241

wood base—legs 2 1/2" wide at top tapered to 1 1/2" at bottom, 1" thick
rails 2 7/8" wide, 3/4" thick
tops as listed above
Shown: 30 x 30" 1 1/4" Formica
top with aluminum edge

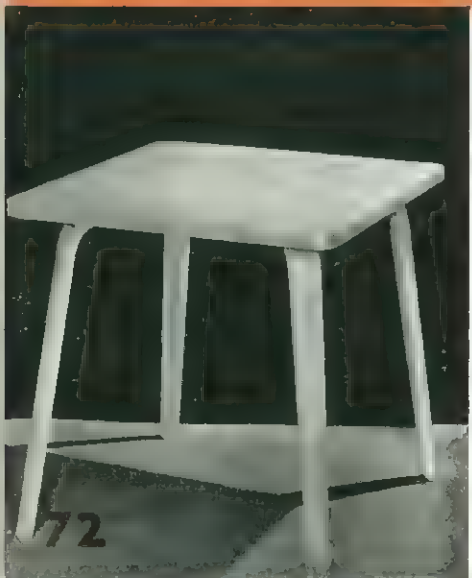

3036

wood base—legs 2 1/4", rails 3 3/4" wide, 7/8" thick
folding leaf top—plywood, Formica or felt and oilcloth;
top opens to 51" dia. size; with hinged
leaves folded under top, size is 36 x 36"
Shown: felt and oilcloth covered top

Corner construction of 4-legged base with apron: wood corner blocks, dove tailed, glued into the frame and reinforced with screws. Rails tenoned into legs except tables 3133, 3135 and 3241.

TABLES (pedestal)

Pedestal tables except style 3136 (see caption below) are furnished with plywood, Formica or linoleum tops as shown on pages 70-71 in the sizes indicated in the charts at right.

All tables are 30" high (29" to underside of top). Bases may be equipped with rubber cushion or levelomatic glides at additional cost.

OFFICE DESKS AND STORAGE CABINETS

BASIC DESKS	7005	7006	7007	7008	7009
DESKS TO COMBINE WITH STORAGE CABINETS	7010	7011			
STORAGE CABINETS	7013	7014			

Innumerable desk and cabinet combinations can be arranged with the two storage cabinets 7013 and 7014 and either desk 7011 with side suspension legs or desk 7010 with 6" leg base.

Desks and storage cabinet tops are surfaced and edged with genuine Formica picwoods in the following patterns:

80-GP-92 Natural Maple	} wood finish of desk matches top
92-N-22 Frosted Walnut	
94-N-25 Brown Walnut	
1014 Black Formica	} available with wood finishes matching the three standard Picwoods listed above.
949 White Formica	

(Note special price for White Formica and contrast top edge banding)

All single pedestal desk tops are counterbalanced with a plastic backing sheet. Desks and storage cabinets are made of fine Canadian hard maple veneer—5 ply construction, and finished in a sturdy baked-on Urea Alkyd DuPont finish, meeting strictest specifications in the institutional field.

Cabinet sliding doors can be had in either a black or white lacquer with matching plywood adjustable shelves.

Drawers of pedestal units move on smooth finger-touch metal track drawer guides.

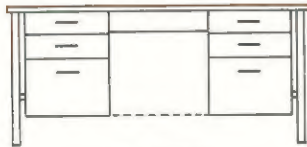

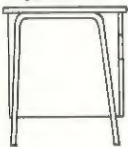

Desk drawer pulls and finger slots in cabinet doors are in satin brushed chrome finish.

Both the side suspension legs and the 6" base legs are made of electronically molded plywood.

Storage cabinets are finished on all sides so they may stand free, or serve as dividers between office spaces.

Stationery compartment and waste basket are additional convenience items that fit in any of the four compartments of the 7014 or the two compartments of the 7013. A closure panel (7017) can also be fastened between the pedestals of 7007, 7008 and 7009 Desks.
